

MIGO
TRADING

MiGo Trading was founded with the vision of manufacturing, customizing and distributing consumer household products at reasonable prices. This promise continues today through our redundant network of global suppliers that allow us to reliably provide our products to customers around the world. MiGo Trading has a proven track record of success, including private label collections for the retailers, because we understand the market, what it takes to make good products, and to reliably deliver the products while upholding the highest quality standards for efficacy and safety.

We value integrity, honesty and transparency; practicing the highest principles of business ethics while adhering to strict industry standards. We are dedicated to providing superior quality products, respecting timelines and meeting time-sensitive deadlines, while maintaining our commitment to customers' needs by working together to develop long term solutions.
